Dear USW Member,

You may have recently received a letter from the Freedom Foundation about your USW membership. We want to be clear that this letter is not coming from your Local or the USW. This is an anti-union organization with not affiliation to the USW or any other union. These letters are simply aimed at trying to weaken our Local. You are not obligated in any way to respond to these letters and are free to ignore/discard them.

Sincerely,

Brad Manzolillo
